

Snow Brace Kit for 12'W x 20'L x 7'H Carport Required for High Snow Load Areas

**Special
Order**

Part No. SBK1218072

With the addition of this snow brace kit, increase the roof snow load of our 12'W x 20'L x 7'H carport (CM012180070W) to 40 PSF (pounds per square foot).

Package includes three (3) collar tie truss braces with brackets, bolts and screws for installation on the three interior trusses. Truss braces are not required on the outer two trusses. Ground delivery included.
